

School District of Marathon
Health Guidelines
August 2023

Monitoring:

The District will continue to internally monitor active illness outbreak cases as we monitor all other illnesses for our students and staff.

Guidelines for illnesses in Marathon school facilities:

Parents calling their student in as "sick".

We want to remind all parents of the return-to-school-after-illness guidelines of:

- *fever-free for at least 24 hours without the use of fever-reducing medications such as Tylenol or Ibuprofen.
- *no diarrhea or vomiting for at least 24 hours without the use of medications (like Immodium for example)
- *other symptoms are greatly improving.

If a parent does call to let us know their student has tested positive with a contagious illness, we ask that you *follow the guidance of their local health department or primary care provider* as far as isolation and returning to school.

Guidelines for School Buses

- Federal Rule (Mass Transit) governs public transportation.
- School buses are considered public transportation.
- The District will honor any requirements established by our bus contractor.

Guidelines for non-school use of facilities:

“Non-School” sports / activities (Booster/Youth) may use school facilities

- Must complete the required facility use forms (as always).
- Each event must have an individual identified as "Event Host/Manager".
- Event Host/Manager is responsible for ensuring these District guidelines are followed.

Guidelines for Concessions (indoors and outdoors):

- Servers should wear gloves when serving non pre-packaged foods (i.e. Hamburgers, hot dogs, etc...
