

Notice of the Student Academic Standards In Effect for the 2023-2024 School Year

The School District of Marathon is committed to ensuring academic excellence in every school classroom so that all children perform at high levels and achieve proficiency.

Our teachers have identified their standards and correlating curriculum in each of our school buildings.

Teachers work continuously to develop quality curriculum and implement best instructional practices. Teachers often have opportunity to collaborate with school staff, across grade levels and with other teachers in the district to work on curriculum questions, with an end goal of providing consistent, quality educational opportunities.

We believe that children learn in different ways and therefore have made a commitment to offer new and unique learning opportunities to meet the varied needs of our students. To help you better understand what students are learning in each subject and grade level, we have been developing our curriculum based on selected academic standards.

For the different academic areas, we focus our curriculum development by drawing from many different resources and utilizing the Wisconsin Model Academic Standards for departments as noted:

Agri-Science

Art

Business

English / Language Arts. (Reading and Writing)

Mathematics

Music

Physical Education

Science

Social Studies (Geography and History)

STEM

World Language

You can access the Academic Standards website via the link below:
