

## School Facilities Use

School facilities may be used by citizens who reside in the district upon prior approval. The District has developed guidelines for use of school facilities and has a Facility Use Agreement form that needs to be completed and approved prior to the event. When a charge for the facility use is determined, this must be paid in advance of the event.

Marathon school organizations, Marathon service organizations (Legion, Lions), Marathon youth organizations (4-H, Scouts), Village or Town government, or Marathon District Booster Clubs typically may use the facility with no rental charge. However, facility forms must be submitted to determine the nature of use and possible charge.

Activities such as AAU teams, Club sports or youth sports younger than district sponsored teams typically will have a charge to use our school facilities.

Facility Use Forms are available at the school offices.
