

MARATHON CITY SCHOOL DISTRICT

345.52

DIPLOMAS FOR VETERANS

In order to recognize former students of the district who left high school before completion of the usual high school graduation requirements to serve in the armed forces of our country during a war period, the Board shall consider awarding a diploma to such veterans under this policy.

A person may be awarded a diploma under this policy even though he/she has not satisfied the diploma or graduation requirements under other district policies and notwithstanding the graduation requirements of state law. Further, a person may be awarded a diploma under this policy even if the person has already received a high school equivalency diploma after serving on active duty in the armed forces, if the person meets the other requirements of this policy.

In order to be considered for receipt of a diploma under this policy, a person must satisfy the following criteria:

1. The person must be at least 65 years old;
2. The person must have attended high school in the district;
3. The person must have left high school before receiving a high school diploma to join the U.S. armed forces during a war period (including, among others listed in section 45.35(5)(e) of the state statutes, World War II, the Korean Conflict, Vietnam War and Persian Gulf War); and
4. The person must have served on active duty under honorable conditions in the U.S. armed forces or in forces incorporated as part of the U.S. armed forces.

A person requesting a diploma under this policy shall submit information to be used to determine whether he/she meets the above criteria.

The District Administrator shall determine whether a person requesting a diploma under this policy has satisfied the criteria outlined above and may adopt procedures needed to make that determination. The Board shall consider a request for a diploma under this policy from any person who has been determined by the District Administrator to have satisfied the criteria.
