Greetings MHS Families,

It is hard to believe that the 2020-2021 school year finished just over a week ago. In the past week much has changed for the students and staff at the school. The school board has moved forward with ending the mask mandate in school, and students are engaged in summer school. So far the start of the 2021 summer is similar to pre-Covid years.

In looking back over the past school year, I must take the time to thank all of the students, families, and staff for their understanding and cooperation in navigating the many changes that occurred at MHS. It was a very challenging and stressful school year for everyone. Balancing the right for all students to have in-person education with the safety of everyone in the building led to many new experiences for all. I can proudly say that the students adapted and continued to excel despite the difficulties that changes such as masking, social distancing, modified schedules, new sports rules, and virtual learning brought.

We are already moving forward with planning and preparing for the 2021-2022 school year. Over the summer we will continue to update parents as needed regarding preparation for the upcoming school year. At the end of July we will be sending out information to parents. It will be important to review all materials sent home and posted online so that you are prepared for the school year. Registration days will take place on August 3 and August 4 at MHS from 2 PM-7 PM. At this event students will pick up their student folders, parents will drop off registration paperwork (Medical Form, change of address form, Chromebook Acceptable Use Form), pay any school fees, order a yearbook, and have your child's students photo taken.

Again, I would like to thank everyone for their support and patience over the past year. We will continue to strive to make MHS a great learning environment for all students while keeping the safety, health and wellbeing of our students and staff a top priority.

Respectfully Yours,

David Beranek, Ed.S.
Principal. Marathon High School
